When Jesus came in the form of a servant, he was not concealing whom God is. He was revealing who God is.

As Russian troops surrounded the capital city of Ukraine, President Zelenskyy went into the street to send a clear message of defiance at his nation's darkest hours. He said, "We're all here defending our independence, our country, and it will stay this way **even if this is the last time you see me alive.**" He refused offers to leave even as intelligence sources warned that he was 'target No 1' for the invading Russian forces. He responded to the offer with a blunt assertion, "The fight is here; **I need ammunition, not a ride out.**"

He has been called an *ordinary man with an extraordinary sense of duty*. Some people have compared his courage to Winston Churchill who said, "The whole **fury and might** of the enemy must soon be turned on us. Hitler knows he will have to break us or lose the war. Let us therefore brace ourselves to our duties." As bombs devastated entire city blocks, and bridges fell, as the blitzkrieg and sirens shrieked night after night, Prime Minister Churchill refused to surrender or compromise. He said, "Wars are not won by evacuations."

"Surrender is not an option if you plan to win a war."

Lots of Americans are waking up to the fact that **we have real enemies both foreign and DOMESTIC! Communist Russia and China don't want to just get along, they want to defeat us!**

President Trump said, "**The problem is not that Putin is so smart, the problem is that our leaders are so dumb.** Putin thinks, 'I can take over a whole country and all they're going to do is sanction me? They're not going to blow me to pieces?' Putin made his ruthless decision to invade Ukraine after he saw the pathetic US withdrawal from Afghanistan that left Americans hostage and abandoned 85 BILLION dollars of the finest military equipment behind. So far, they've allowed Putin to get away with this assault on humanity! Putin is playing Biden like a drum, and it's not pretty to watch." President Trump speaking CPAC Feb 26, 2022

Living in Communist Russia #1773

Jamie Glazov, editor of *Frontpage Magazine*, and author of *High Noon for America: The Coming Showdown*, fled from the USSR and describes the **terror and oppression under Communism!** Even in their homes, they spoke in hushed tones for fear that someone might turn them in to the authorities. **Fear** reigned, as the very real threat of family members being taken out of their home in the **middle of the night**, never to be seen again, was common. Jamie's fathers took the perilous risk to request a visa to leave the USSR's 'paradise' that could have resulted in his being *imprisoned and drugged for being psychotic, wanting to leave the insane communist USSR!* How ironic!

As a graduate student, Jamie tells how professors taught that **communism is wonderful and capitalism is oppressive!** How can communist professors be so deceived to believe that communism is great *when it has failed to do anything good wherever it's tried*, but results in hundreds of millions of innocent people being slaughtered?

Russian born **Jamie Glazov** describes his astonishment at grocery stores in America being full of a myriad of choices, the ice cream flavors, the TV, books, the free speech – people talking out loud and writing *negative* things about their government, and **FREEDOM** to live at peace without fear, was like **heaven on earth.** He was

amazed at how we take these things for granted. He was dumbfounded as a graduate student that his university professors believed and taught that communism is great but capitalism is oppressive when it's just the opposite!

*Leftists are trying to deceive naïve Americans that they want to ‘build back better’ to build their humanist utopia! The Left is at war against Christian America to destroy our culture and build their ‘paradise’ on top of our ashes. **But every attempt to build a HUMANIST heaven on earth results in a living HELL on earth.***

Communism is a *religion* of oppression and tyranny. **Christianity** has been the *basis of our freedom*. Patrick Henry said it best, “This nation was founded, not *by religionists* but by Christians, *not on religion* but the *gospel of Jesus Christ*.” **What made America different from all others throughout history?**

After *thousands of years of tyranny*, mankind finally made a *new form of government*, a unique system of self-government that was “of the people, by the people and for the people.” A government controlled by the people, with the consent of the governed. *America was the first nation in history with a foundation based on Biblical concepts*. America is the only nation in history to put our sovereignty into the hands of “we the people!”

Russian military scientist, **Dr Igor Shafhid**, author of *Inside the Red Zone*, was a medical doctor who treated nuclear radiated soldiers following the Chernobyl accident, says that **God has supernaturally protected America**, acting as a *Supernatural Shield against devastation*. If we don't turn back to him, we will experience a *nuclear nightmare*. Dr Shafhid wrote, “Some of the most virulent agents like *Ebola, smallpox and plague* were developed in *Russia for attacks on American cities*. With our border wide open, it would be easy for terrorists to set off waves of destruction, chaos and death.” He said, “We could *lose a city* to terrorists and recover, but if *we adopt a communist ideology, the whole country is lost*.”

Communist Infiltration #1772

*After generations of indoctrination, young Americans have become little Marxists! They have been indoctrinated to hate their own country and reject capitalism! According to a YouGov poll, **36%** of millennials say that they approve of **communism**, up significantly from 28% in 2018. They have never been taught the evils of communism.*

Communism leaves 'trails of corpses' wherever it goes!

The Communist Manifesto is *the most assigned economics book on US college campuses!* Young Americans naively think communism, *creates equality*. **Dennis Prager**, at *Prageru.com/video*, said: “*They think that in communism, everyone shares everything equally! But it is capitalism alone that has produced freedom and lifted millions of people out of poverty while communism has kept millions impoverished and crushed freedom.*”

*“Communism IS EVIL!! Given the sad state of our educational system, most young people are ignorant of this evil. This evil can happen to any country. The vast leaders of communist regimes or those who helped those leaders torture, enslave and murder vast numbers of people were **normal people**. Of course, some were psychopaths, but the majority were not. Any society, including free ones, can devolve into communism.”* Prager

“Socialism has a record so blatant that only an intellectual could ignore it.” Thomas Sowell

Communists put crowns of barbed wire on the heads of pastors, buried men alive, crucified Christians, burned prisoners over a slow fire, made prisoners stand naked in the frost and poured water on them till they became statues of ice, kept living prisoners in coffins with decaying corpses, skinned them alive, put mice in tubes which were closed at one end, while the other was affixed to the belly of a prisoner. Then they heated the tube, forcing the mice to try to escape into the man's belly.

In 1970, Yuri Bezmenov, a Russian KGB officer specializing in communist propaganda, abandoned the KGB and devoted his life to telling people what he and the KGB had been doing to our nation to undermine our freedom and system of government and *replace it with communism*. In 1984, **Yuri Bezmenov** gave a speech (**we play cuts of that speech**) revealing the KGB strategy to *get our schools to teach the idea of social justice - which means taking from those who worked for it and giving it to those who didn't*, which is **redistribution of wealth!**

Yuri Bezmenov says the best way to take over a country is by subterfuge and even not firing a shot.

Look *how well it worked by looking at what young people believe!* Unaware of the lies they were taught, 36% of millennials *approve of communism and would exchange it for their rights and freedoms.* Without knowing their true American history, students *have been easily brainwashed to hate our nation and bring it down!*

Bezmenov gave us the answer on *how to reverse or at least slow our slide into communism,* and it's to teach **patriotism.** Teach that their *nation is not evil.*

1776 Commission

- ❑ **Trump** began the *1776 Commission* to teach *our true history,* how we've helped other nations and *benefited all of humanity* with inventions and a demonstration of how freedom can work.
 - ❑ **But Biden abolished his 1776 Commission** because it is *antithetical to what Marxists want to do to continue distorting and lying about our history and continue the march to communism.*
 - ❑ The *1776 Commission* explains why America is special and how our founding documents came to be and why they should be honored. But that's an anathema to the globalists. *That speaks volumes about Biden and his Marxist party. That's why President Joe Biden banned it on his first day in office.*
- tonThe Left's history agenda is to indoctrinate the lie of the *1619 Project* that **invents the fantasy that the primary reason for the American Revolution was to preserve slavery.** This is an *indoctrination* aimed at dividing our nation by *pushing a radical Marxism* that tears us apart! That's the goal of Marxism.

In godless, Democrat-controlled cities like San Francisco, and others, they have eliminated Washington, Jefferson, Lincoln, Francis Scott Key, Paul Revere and Roosevelt and 40 others for their school names. *They've erased our greatest men in our history from textbooks. There's a reason young Americans today are the least patriotic generation in history.* Joe Biden and his *Department of Ed.* made it clear that they ARE on the **left!** The district's renaming committee decided *Lincoln is not worthy of keeping his name on Abraham Lincoln High School* because "Lincoln did not demonstrate that **black lives mattered to him!**"

What blatant, audacious propaganda!

If they were honest about their true motives, they'd change the name to **Karl Marx High School or Vladimir Lenin Academy.** They even tore down statues of abolitionists, just because those guys were white.

America's Most Radical President #1774

"Joe Biden is America's most RADICAL president," said **Victor Davis Hanson.** "Although Joe was elected as a moderate Democrat, he is radically transforming our nation." "He took the world's largest oil exporter and BLEW it up!" "Biden has made Europe dependent on Russian oil and thus threatened **Europe's independence.**"

How did America go from being independent to being in debt to over \$30 trillion dollars? **Prov 22:7:** "The rich rules over the poor, and the borrower **is slave of the lender.**" This is a warning that our national debt enslaves us.

Why has our nation allowed the invasion by over **2 million illegals in one year?** How did this nation of 330 million people choose such an **incompetent** man to be our **President?** (Besides the obvious voter fraud!)

Is the leadership in Washington just weak and confused or radical and Marxist?

Victor Hanson Davis, author of *The Dying Citizen – How Progressive Elites and Globalism are Destroying the Idea of America,* tells how President Trump made America oil independent for the first time in 72 years. American oil production brought the price of oil down so low that it **crushed Russia's economy and halted their invasion aspirations.** But Biden *foolishly issued an executive order to cancel the Keystone Pipeline on his first day in office.* Why? Is he trying to please his radical environmental "green" base to replace it with wind and solar energy by raising the price of oil so high that we will have to switch to electric vehicles? The result of his **folly** was that now we import more oil **from Russia than is produced in Alaska.**

*The U.S. holds more oil reserves than anyone else in the world, including Saudi Arabia, Russia, and Venezuela. Rystad Energy, a Norwegian consultancy, estimates that the U.S. holds 264 billion barrels of oil, more than half of which is located in shale. So why are we now net **importers** of foreign oil and not **exporters**?*

The most recent data from the U.S. Energy Information Administration shows that in May, the U.S. imported 844,000 barrels per day of crude oil and **petroleum products from Russia**. That's almost 10% of all the U.S. imports for that month. A recent Facebook post wrote,

"The *imbecile in chief* is now importing 800,000 barrels/day of oil from Russia. Guess how much oil the **Keystone XL pipeline** would have carried from Canada? I will give you a hint. It's 800,000 barrels/day."

So the *wrong decision by a misguided President* results in our dependence on Russian and Middle Eastern oil instead of being oil independent. ***That's a threat to our national security.***

What good is *citizenship if illegals can vote*? Fifteen municipalities across the country allowed noncitizens to vote in local elections as of January 2022. Last year, 449,163 (enough to sway any election) Californians received a jury summons, which they declined, using "***I am not a citizen***. I can't be on a jury". The source for jury summons is the **VOTER REGISTRATION list**. i.e. ***illegals are voting and cancelling your votes.***

"Citizenship is a synonym for a constitutional republic, and it's very rare throughout history. Individual freedom is ***fragile and doesn't exist in history*** very much. It's the aberration. For most of history, people were not able to choose their leaders, or vote on anything like taxation. Throughout history monarchs, Caesars or dictators oppressed people. The idea that you could be a self-governing middle-class citizen is very rare." Victor Hanson Davis

"We take the concept of the "citizen" for granted. But it's amongst America's most profoundly cherished ideals **Victor Davis Hanson** warns that American citizenship is vanishing. *Global citizenship* has replaced America's borders and rendered U.S. citizenship meaningless. Our 250-year-old American political experiment in liberty is faltering. America's free citizenry is at imminent risk of defeat at the hands of an unelected Deep State allied to a globalist elite that jettisoned the Constitution." Victor Hanson Davis

Was Jesus A Socialist? #1764

Has our nation become a socialist nation? **Rand Paul and his wife Kelly**, authors of *The Case Against Socialism*, say socialists professors and Alexandria Ocasio-Cortez and Bernie Sanders use the so called "utopia" of Scandinavia as idyllic socialist nations. Socialism is now the ideology *du jour* on American college campuses and among many leftists. Socialism appeals to the young because of loan forgiveness and Medicare-for-all.

Scandinavian countries tried socialism and it nearly bankrupted them.

It was capitalism that saved their socialist economies. Socialism, like communism, is a failure resulting in starvation, poverty and death. *People don't want to give up their property or pay huge taxes* for the 'good of the people' so they are eliminated or imprisoned for the 'good of the people'. Desperate refugees flee communist Cuba, China and North Korea to escape oppressive censorship, rationed food and squalid hospitals. Socialist dictatorships like the ***Chinese crush freedom of speech and run massive surveillance states while masquerading as enlightened modern nations.*** Far from providing economic freedom, socialist governments enslave their citizens. Far from giving equality, they give inequality, eliminate freedom and private property.

Young Americans don't know that the socialist USSR, Nazi Germany and China slaughtered about 100 million people! **Jay Richards**, author of *Money, Greed, & God*, says Jesus' parable of the talents is a classic case for capitalism. Private property ownership is *capitalism*. The Ten Commandments to *not steal or covet*, include *individual ownership of property*, otherwise there would be nothing to steal.

Capitalism vs Socialism

Professors have convinced many impressionable students that Marxism helps the poor more than capitalism.

But socialism and communism not only have not helped the poor, they slaughtered them.

Jesus and the early Christians were ***not socialists!*** **Jay Richards**, author of *Money, Greed, & God*, says, "Some people say the ***early Christians were socialists*** since they sold their possessions to give to the church." Acts 2:45
A small group of early Christians ***voluntarily*** sold their possession to give to their ***church, not Caesar.*** Socialism is government force taking your money for the *government, not the church.*

Private property ownership is capitalism.

Jesus parable of the “talents” of money.

Each servant was given money to *invest*. **Capitalism is investing money to earn more.** Jesus said, “Well done to the servant who *invested* wisely and earned more money for his master.” **Capitalism rewards investing, innovation and invention.** Socialism taxes away profits. So why work *when your wages are taxed away*? People work harder and invest more when they can keep what they earn.

Why Does God Allow Suffering? #1765

What do many Christians with weak faith do when disaster strikes? When your life is going well, it’s easy to say, “God has a wonderful plan for your life.” But what does that wonderful plan look like to someone who has suffered their whole life? TV host, **Joni Eareckson Tada**, author of more than 50 books including, *An Unforgettable Story*, broke her neck in a diving accident at age 17, severed her spinal cord and has **suffered for over 50 years with quadriplegia and extreme pain. Then she got breast cancer, a mastectomy and chemo!**

God alone sees into eternity and what He wants us to become!

God, who merely spoke the universe into existence, is not a *genie or Santa Claus*. He is **God – we are not. He is sovereign!** When God *became a man, he healed thousands upon thousands* of diseased people to demonstrate Who He is and His *infinite love for people!* We only see the present, but *He sees into eternity and what He wants us to become.* To do that, He needs to develop our character and increase our faith through circumstances. “For **my thoughts are not your thoughts**, neither are your ways my ways,” declares the Lord. “*As the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts.*” Isa 55

For 7 long hours, Jesus let his disciples strain against the storm and ferocious head winds before He came to them walking on the water. **Why did he watch them struggle for so long?** After Jesus stopped the storm, he asked, “Why were you afraid?” Obviously they had everything to fear! They wondered why HE WASN’T afraid. It was the middle of the night, the storm was about to sink their boat and they feared they’d drown. But Jesus’ calmness and power to stop the hurricane-like storm **amazed them so much that they were more afraid of him than the storm.** They had *never seen the supernatural power that Jesus displayed. They realized that Almighty God Himself was in the boat with them, and they were terrified by his supernatural power and authority.*

Calming the Sea- Bob Boyd

Jesus lets us **struggle to develop our faith.** Although it’s painful, *it’s the only way to mature us. What helps is focusing on Jesus and his power and love shown to us in his suffering on the cross to pay for our salvation.* Paul wrote, “We were under such pressure, far beyond our ability to endure it, so that **we despaired even of life.** This happened so that we might **not rely on ourselves but on God who raises the dead.** On Him we have set our hope that he will deliver us.”

Even the faintest prayers, the cries of dying people, the sobs of lonely, sick people and those rejected like trash – **GOD HEARS!** Jesus, on his way to the cross amid the noise of the crowds, heard and stopped to answer the blind beggar Bartimaeus cry out, “Lord have mercy on me!” Although the crowd told him to be quiet, Bart cried all the louder! Jesus, filled with love for him, healed him.

Tim Hansel, author of *You Gotta Keep Dancin’ - In The Midst of Life’s Hurts You Can Choose Joy*, suffered a tragic fall that broke his back, causing him to be in extreme pain, says, “ This light and momentary affliction is preparing for us an eternal weight of glory beyond comparison!”

A Neurosurgeon’s View of Life & Death #1770

We will each face the fear and pain of our death or of a loved one. How we respond will show a deep faith or shallow religiosity. **Dr Lee Warren**, a neurosurgeon who did brain surgery on our soldiers in the Iraq war when bombs were falling all around him, is the author of *I’ve Seen the End of You- a Neurosurgeon’s Look at Faith, Doubt and the Things We Think We Know*. In this gripping, inspirational memoir, you will get an honest look between his faith and his medical experience.

Dr Warren wrote, “There’s a moment before surgery when I think of the **spiritual aspect of entering the most inner part of a person, a holy place, – their mind.** One mistake could erase years of memories, cause paralysis or

end their lives.” He wrote, “The leading edge of the cancer in the brain is like *Satan’s legion of troops* heading to steal and kill a healthy brain laying waste of their faculties like Hitler’s armies destroyed Europe.”

How would the Apostle Paul have faced terminal cancer? Paul constantly faced death and he wrote, “To live is Christ, *to die is gain.*” He would have faced death and *rejoiced about being with Christ in heaven.* He wrote, “So we fix our eyes on, not what is seen, but what is unseen. For what is seen is temporary but what is unseen is eternal.” He focused on eternity. He wrote in Romans 5, “We glory in our sufferings, because we know that suffering produces perseverance; ⁴ perseverance, character; and character, hope.”

Anticipating the Rapture #1769

The rapture will transform all believers’ physical bodies into spirit bodies to *meet the Lord in the air!* Prophecy expert **Dr David Reagan**, founder of *Lamb & Lion Ministries* and author of *Living on Borrowed Time – The Imminent Return of Jesus*, said, “The word ‘church’ is used 19 times in the first 3 chapters of the book of Revelation but not mentioned after Rev 3. Why? Because the Church has been raptured out.”

Evangelist **Tiff Shuttlesworth** says, “There are *Biblical patterns where we learn how God repeatedly demonstrates His love and character.*

- ❑ 1 Thes 4:18 says, “Therefore *encourage each other with these words,*” referring to being raptured out *before the Great Tribulation.* It’s not encouraging *if we have to go through the Great Tribulation!*
- ❑ Christ took our punishment for us, so God won’t punish us again with his wrath in the *Great Tribulation!*
- ❑ God rescued the righteous Lot and his family *before God brought judgment on Sodom.*
- ❑ God rescued Noah and his family *before bringing the Great Flood.*
- ❑ In Rev 3:10, the Lord said to the church in Philadelphia, “Since you have kept my command to endure patiently, I will *keep you from the hour of trial* that’s going to come upon the whole world.” The Lord did not take them through it, but kept them from it.” i.e. from the *Great Tribulation.*

The RAPTURE could occur at any moment!

What would *happen to America if Christ followers were instantly raptured!* What if they were pilots flying a huge airplane, or a neurosurgeon doing delicate surgery, or a crane operator building a hi-rise. **It would be chaos!** It would *be God’s judgment! Yet that’s what’s going to happen.* 1st Thessalonians 4:16-17:

¹⁶ For the Lord himself will come down from heaven, with a loud command, with the voice of the archangel and with the trumpet call of God, and the dead in Christ will rise first. ¹⁷ After that, we who are still alive and are left *will be caught up together with them in the clouds to meet the Lord in the air.*

Rapture by Bob Boyd

For us, this will be fascinating. Just imagine, being instantly transformed into a body like

Jesus’ spirit body; no pain, no death, able to pass through walls and speed rapidly through space from earth to heaven. As 1st John says, “When He appears, we shall be instantly made to be like him.” WOW! God will take us out of these dying bodies and put us into an immortal body as easily as we would change our clothes.

How do we know we are living in the end times? That Jesus is about to return? Rev 11 says that the anti-Christ kills *God’s two witnesses* and their bodies *lie in the street* for 3 ½ days as the whole world looks at them.

- ❑ Before satellite TV, *people couldn’t understand* how *the two witnesses* could be seen worldwide all at once. Now with satellites, cell phones and the Internet, *we can understand how that’s a reality.*
- ❑ Before computers, people couldn’t understand how the anti-Christ could *control all buying and selling* worldwide. *Now we can understand how that will happen.*
- ❑ Before holograms, people couldn’t understand how *the false prophet* could give the illusion of giving *life to a statue* in Rev 13. Now with holograms & virtual reality, we can see how *that will happen.*

Signs We Are Living in the End Times #1762

How do we know we are living in the end times? Bible teacher **Don Stewart**, author of *25 Signs We Are Near the End*, says, “Never before in human history has there been the technology capable of showing the whole world at the same instant in time, watching the *two witnesses of Revelation* lying dead in the street in Rev 11:9-10.”

“For three and a half days *people from every tribe, language and nation* will gaze on their bodies and refuse them burial. ¹⁰ The *inhabitants of the earth* will gloat over them and will celebrate by sending each other gifts, because these two prophets had tormented those who live on the earth.” Rev 11:9-10

Don Stewart tells of the 40,000 small, ubiquitous, low-level *Starlink* satellites that will enable *everyone around the world to see this at the same time. So everyone, all over the earth, who has a cell phone, TV or the Internet will be able to see these end times events as they are happening. For past generations, this would be science fiction but today is science FACT setting the stage for the fulfillment of Matthew 24, when Jesus said you will see the desolation that causes abomination with only the high priest in the Holy of Holies.*

Pastor Billy Crone, author of *The Final Countdown* –says “AI or artificial intelligence will enable the Antichrist to micro manage *everyone in the world* to see who worships his image and takes his mark to buy or sell. Never before has the world been so tied together! AI will make the image of the beast appear to come alive.”

War on American History #1768

Why are statues of Presidents like Lincoln, Roosevelt and Washington torn down? Are we ashamed of our heritage? Feb 21 is President’s Day but few people know or celebrate it. **Peter Lillback**, author of *George Washington's Sacred Fire*, says Washington was a strong Christian. Lincoln freed the slaves. It’s an attack on our nation in an attempt to destroy it by destroying our history. Washington said, “The two indispensable pillars for government are religion and morality.” **Peter Marshall**, author of *The Light and the Glory*, describes how God *supernaturally* protected Washington and saved our rag-tag Continental army.

The Fairy Tale of Evolution #1771

Is the age of the earth important? Some stars are so far from earth that it would take millions of years for their light to reach us. Is that proof for an “old earth”? Or did God create star light with age built into it? **God created Adam and Eve with age built into them. Jesus created wine with age built into it.** Many people, including Christian leaders, try to fit billions of years into the Genesis account. **Russ Miller**, author of *It’s About Time – How to Believe God’s Word in a Secular World*, substantiates the Biblical account through logical and scientific answers to man’s origin, sin and death. The amazing universe shows God’s awesome creativity. The omnipotent Creator simply spoke and galaxies whirled into space and the universe was created.

Evolution’s False Evidence #1766

Scientists have censored and fabricated evidence that disproves evolution. **Jack Cuozzo**, author of *Buried Alive – The Startling Truth About Neanderthal Man*, was the only creationist who saw the original bones used to support evolution, and he says *they are fraudulent*. Evolutionists claimed *Neanderthal man was a transitional species*. Dr Cuozzo says Neanderthal man was an **ancient people not a transitional species**. They had a different DNA from ours that allowed them to *live hundreds of years* before God shortened mankind’s lifespan before the Great Flood. The Lord said, “My Spirit will not contend with humans, for they are mortal; their days will be a hundred and twenty years.” Gen 6:3 Dr Cuozzo describes the huge bones of these *ancient patriarchs*.

God’s Creative Genius #1767

God brilliantly knit our bodies together to show His creative genius. God’s creative genius in the physical realms leads us to want to know Him. Best selling author, **Philip Yancy**, author of *Fearfully and Wonderfully*, who survived a near fatal car accident, surprisingly talks about the benefits of pain. Until God became flesh as Jesus, he had not truly experienced pain and suffering as we do. If you want to know how God feels about our pain and suffering, look at how Jesus responded when He was on earth. Without Jesus, we would not know *the love of God*. The inspiration behind “Fearfully” is surgeon Paul Brand.

Killing Roe #1763

The Supreme Court decision in *Roe v Wade* has had a disastrous affect on our nation by killing a whole generation of over 62 million babies. Legalizing abortion declared children in their mother are not people and can be killed legally. Recently, the Supreme Court heard oral arguments in a case that could overturn *Roe*. Attorney **Laura Ingram**, host of Fox’s *Ingram Angle*, says the arguments presented to the court for keeping *Roe* legal are bogus. **Senator Josh Hawley** says it’s time the American people had the choice. **Ted Cruz** said he hopes the Supremes will turn this issue back to the states to decide on abortion.

Great Health Naturally #1761

Public health officials warn that this generation is at greater risk for heart disease and diabetes. Children who eat just three hot dogs a week have *9 times the risk of getting leukemia*. Overweight youth are at much greater risk of getting cancer, heart disease and diabetes. Americans are dieting more but are more overweight than ever which increases risks of chronic diseases. **Dr Ted Broer**, a nutrition expert and biochemist is the author of *Maximum Fat Loss and Maximum Energy*, gives an overview of a good diet and foods to avoid. He warns of **Ritalin use for ADHD**. Lifelong habits are established in youth, yet 27% of young people are too fat to fight in the military.

Wonder Dogs #1775

God created dogs not just for fun and companionship but to serve and save people. Dogs can demonstrate God's unconditional love, faithfulness and devotion to people! **Maureen Maurer**, author of *Wonder Dogs-True Stories of Extraordinary Assistance Dogs*, tells of the amazing dog-named *Freedom*, a beautiful golden retriever.

Melanie, a Hawaiian woman who lost her mobility and some of her vision from Lupus disease, was alone in her apartment near Diamond Head in Honolulu. As she was cooking, *her stove caught fire*. She tried to stop it but the flames got bigger and *her hair caught fire* as she tried to put it out. Then her heavy 300 pound **motorized wheel chair tipped over**. She was **trapped under it unable to move as the flames and smoke filled the room**. She lay face down and thought she would **burn to death**.

The Greatest Retriever by Bob Boyd

Suddenly, she felt the cold nose of her *wonder dog*, *Freedom*, nudge her. She looked into Freedom's eyes – which were full of concern. She said, "*Freedom go find a phone*." He returned with a stuffed animal sheepishly wagging his tail in apology. She took the toy from him and said, "**PHONE!**" "Go find the phone." She heard him running up the stairs looking all over the house. Minutes later he appeared through the smoke carrying the phone in his mouth.

"Good boy!" she said as she called 911. When the fire fighters arrived at the front door and the flames were closing in on Melanie, she was gasping for air. She told Freedom "Go tug!" He ran into the living room and tugged the rope on the front door handle and pulled open the door and led the firemen to Melanie. They let Freedom ride in the ambulance with Melanie. What amazed Melanie wasn't so much that Freedom got the phone or opened the front door – she expected that. What was truly amazing was that Freedom lay down next to her, even though the flames were getting closer and closer. Freedom was NOT GOING TO LEAVE MELANIE, even with the smoke getting worse. Freedom would have burned to death with her. This complete loyalty and love demonstrates the love of our Creator -God.

Our Unique God

- God has never **lost** anything. He has never **worried** about anything.
- God knows every detail in the future *as if it had already happened*. Amazing!
- He has never run out of ideas or resources and never will.
- He's a God of incredible creativity, of infinite energy and endless power.**
- He knows everything and always has. He has never made a mistake or been surprised.
- God tells us to live with faith in **His power and ability** not by the things that are seen.

God is a God of inexhaustible imagination. He's a God of incredible creativity and infinite resources. You can trust your life to Him!

Assignment: *Love your enemies*. Try loving your enemies (and praying for them)- *it'll drive 'em crazy*. Show God's *apage* love to others even people you don't know. Each day **try to make at least 3 people smile**. Think the best about everyone. Don't miss an opportunity to hug someone. Be less angry and more loving toward everyone, including yourself.

In Christ's Love,
